Ch. 10

The first of these is the fact that the
 government has a right to regulate
 the commerce between the states
 and with foreign nations. This
 power is given to the federal
 government by the Constitution
 and is one of the most important
 powers which it possesses.

The second of these is the fact that the
 government has a right to regulate
 the commerce between the states
 and with foreign nations. This
 power is given to the federal
 government by the Constitution
 and is one of the most important
 powers which it possesses.

The third of these is the fact that the
 government has a right to regulate
 the commerce between the states
 and with foreign nations. This
 power is given to the federal
 government by the Constitution
 and is one of the most important
 powers which it possesses.

The fourth of these is the fact that the
 government has a right to regulate
 the commerce between the states
 and with foreign nations. This
 power is given to the federal
 government by the Constitution
 and is one of the most important
 powers which it possesses.

The fifth of these is the fact that the
 government has a right to regulate
 the commerce between the states
 and with foreign nations. This
 power is given to the federal
 government by the Constitution
 and is one of the most important
 powers which it possesses.
