My dear friend

Dear friend

I have just received your letter of the 28th inst. and am very glad to hear from you. I am well and hope this finds you the same. I have been thinking much of late about the future of our country and the state of our Union. I feel that we are in a critical position and that the result of the coming year will determine whether we are to remain a united people or become a collection of warring states. I feel that it is our duty to stand by our principles and to maintain our Union at all costs. I hope that you will feel the same way and that you will do all in your power to support our country in this time of need.
