The first of these is the  
 fact that the population  
 has increased in the  
 last few years. This  
 is due to the fact that  
 the land is more fertile  
 and the climate is more  
 pleasant. The second  
 fact is that the  
 government has been  
 successful in its  
 policy of opening up  
 the country to  
 settlement. The third  
 fact is that the  
 people are more  
 educated and more  
 enterprising.
