The first part of the book is devoted to a description of the various species of plants and animals which were collected during the expedition. The second part contains a list of the names of the collectors and the dates of their collections. The third part is a list of the names of the places where the collections were made. The fourth part is a list of the names of the persons who assisted in the collection of the specimens. The fifth part is a list of the names of the persons who examined the specimens. The sixth part is a list of the names of the persons who prepared the specimens for the museum. The seventh part is a list of the names of the persons who mounted the specimens. The eighth part is a list of the names of the persons who labeled the specimens. The ninth part is a list of the names of the persons who packed the specimens. The tenth part is a list of the names of the persons who transported the specimens. The eleventh part is a list of the names of the persons who received the specimens. The twelfth part is a list of the names of the persons who distributed the specimens. The thirteenth part is a list of the names of the persons who sold the specimens. The fourteenth part is a list of the names of the persons who bought the specimens. The fifteenth part is a list of the names of the persons who gave the specimens. The sixteenth part is a list of the names of the persons who received the specimens. The seventeenth part is a list of the names of the persons who distributed the specimens. The eighteenth part is a list of the names of the persons who sold the specimens. The nineteenth part is a list of the names of the persons who bought the specimens. The twentieth part is a list of the names of the persons who gave the specimens.
